

Barman Hero Privacy Policy

Effective date: 2026-03-10

This Privacy Policy describes how Barman Hero handles information on iPhone, iPad, Apple TV, and Mac. Barman Hero is a premium arcade game published by One Geek Army.

1. Information We Collect

Barman Hero does not use third-party analytics, advertising SDKs, tracking frameworks, or profiling services.

The game may process the following categories of information:

- **Local gameplay data stored on your device**, such as your player name, local high scores, and audio preferences.
- **Game Center data**, if you choose to sign in to Apple Game Center, including achievements, leaderboards, and related player information made available through Apple's Game Center services.

2. Data Stored Locally on Your Device

Barman Hero stores limited gameplay data locally on your device to support normal game functionality. This may include:

- Your chosen player name
- Local high score records
- Music and sound effects preferences

This local data is not used for advertising or analytics.

3. Game Center

If you use Game Center, Barman Hero may interact with Apple's Game Center services to authenticate your account, submit scores, unlock or report achievements, and display leaderboards or achievements.

Game Center is provided by Apple and is subject to Apple's own privacy terms and policies. Any personal information associated with your Game Center account is handled by Apple.

4. Network Access

On supported platforms, the game may use network access only for features related to Apple services such as Game Center, or for standard system behavior such as opening Apple-managed pages or links.

Barman Hero does not operate its own analytics backend or advertising data collection service.
